

FlexKit™

by FlexCart™

FlexKit™ was designed over a 3 year period in conjunction with major facilities companies. Our goal was to develop the best possible small tools and parts cart with the ability to be easily loaded into a vehicle or carried up-stairs. The FlexKit includes the same great built-in organization for tools and parts that our customers have come to expect from the FlexCart Company plus many other valuable features.

Easy to roll and carry size: (15.5" L x 14" W x 24" H)

- 
- Center handle under the tool bag for one handed lifting up-stairs and into vehicles.
 - Strong, extendable aluminum tow handle.
 - Built-in holder for the CleanCase™, Hidden Plunger (sold sep.) Also carries other thin items.
 - Cable and lock included for securing the Flexkit™ at a location.
 - 2 convenient lifting handles located on the sides.
 - 14 tool heavy duty pockets surround the exterior of the cart, sized to carry commonly needed tools such as a caulk gun, hammer, large groove joint pliers, lpad, etc.
 - 4" durable, soft rubber wheels with precision bearings.
 - Includes a locking cover on top that is stored behind the tool bag.
 - Built-in holder for the Zip-it™ drain cleaning tool.
 - Large tool bag bin on top.
 - 4 lifting points at the corners for hoisting up to a roof top.
 - Ladder hooks for carrying a 2' ladder.
 - Lightweight, durable aluminum frame.
 - Includes 3 - 4.2" deep specially designed parts boxes that include removable bins and dividers.
 - The parts boxes lock into the cart using the included locking rod.
 - Durable, non-marring rubber feet.

Pricing: FC-50NT (no tool bag or tools) **\$529.00**
